 - iii. Terminate all subcontracts to the extent they relate to the work terminated.
 - iv. Settle all outstanding liabilities and termination settlement proposals arising from the termination of subcontracts.
- c) After termination, the Contractor shall submit a final termination settlement proposal to the State in the form and with the information prescribed by the State. The Contractor shall submit the proposal promptly, but no later than ninety (90) days after the effective date of termination, unless a different time is provided in the Notice of Termination.
- d) The Contractor and the State may agree upon the whole or any part of the amount to be paid as requested under subsection c) above.

20. TERMINATION FOR DEFAULT

Unless otherwise specified in the Contract:

- a) The State may, subject to the clause titled "Force Majeure", by written notice of default to the Contractor, terminate this Contract in whole or in part if the Contractor fails to:
 - i. Deliver the Deliverables or perform the Services within the time specified in the Contract or any amendment thereto;
 - ii. Make progress, so that the lack of progress endangers performance of this Contract; or
 - iii. Perform any of the material provisions of this Contract.
- b) The State's right to terminate this Contract under subsection a) above, may be exercised if the failure constitutes a material breach of this Contract and if the Contractor does not cure such failure within the time frame stated in the State's cure notice, which in no event will be less than thirty (30) days.
- c) If, after termination, it is determined by a final decision that the Contractor was not in default, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the State.
- d) Both parties, State and the Contractor, upon any termination for default, have a duty to mitigate the damages suffered by it.
- e) The rights and remedies of the State in this clause are in addition to any other rights and remedies provided by law or under this Contract, and are subject to the clause titled "Limitation of Liability".

21. RIGHTS AND REMEDIES FOR DEFAULT

- a) In the event any Deliverables furnished or Services provided by the Contractor in the performance of the PA should fail to conform to the requirements herein, the Authorized Purchasing Entities may reject the same, and it shall become the duty of the Contractor to reclaim and remove the Deliverables promptly, including by providing the Authorized Purchasing Entities with appropriate instructions for returning the Equipment, or to correct the performance of the Services, without expense to the Authorized Purchasing Entities, and promptly replace or re-perform all such rejected Deliverables or Services, as applicable, with others conforming to the Contract.

- d) The Authorized Purchasing Entities reserves the right to offset the reasonable cost of all direct damages caused to the Authorized Purchasing Entities against any outstanding invoices or amounts owed to the Contractor or to make a claim against the Contractor therefore.

22. LIMITATION OF LIABILITY

- a) Except as may be otherwise approved by the California Department of Technology, Chief Technology Officer or designee, and subject to subsection b) below, the Contractor's liability for damages to the State for any cause whatsoever, and regardless of the form of action, whether in contract or in tort, shall be limited to the Purchase Price. For purposes of this subsection a), "Purchase Price" will mean the aggregate PA price; except that, with respect to a Contract under which multiple Purchase Orders will be issued (e.g., a Master Agreement or Multiple Award Schedule contract), "Purchase Price" will mean the total price of the Purchase Order for the Deliverable(s) or Service(s) that gave rise to the loss, such that the Contractor will have a separate limitation of liability for each Purchase Order.
- b) The foregoing limitation of liability shall not apply (i) to any liability under the Section 9 (Compliance with Statutes and Regulations) (ii) to liability under Section 38 (Patent, Copyright, and Trade Secret Indemnity) or to any other liability (including without limitation indemnification obligations) for infringement of third party intellectual property rights; (iii) to claims covered by any specific provision herein calling for liquidated damages; (iv) to claims arising under provisions herein calling for indemnification for third party claims against the State or Authorized Purchasing Entities for bodily injury to persons or damage to real or tangible personal property caused by the Contractor's negligence or willful misconduct; (v) to costs or attorney's fees that the State or Authorized Purchasing Entities becomes entitled to recover as a prevailing party in any action, or (vi) to direct costs of mitigation, remediation and/or notification obligations resulting from any data breach.

24. ACCESS TO FACILITIES/FACILITIES ACCESS POLICIES

- c) Contractor Personnel will coordinate with the Authorized Purchasing Entities as necessary to obtain access to Authorized Purchasing Entities' Locations to perform the Services, or to perform other obligations as contained herein.

URL link to such Standard Access Agreements to the Contractor in advance of placing any order that requires access to the Authorized Purchasing Entities' Locations, or (ii) copies or references to Standard Access Agreements already executed by the Contractor that apply, if any, with a statement that those are still applicable to Contractor Personnel.

Purchasing Entities, its officers, agents and employees from any and all third party claims, costs (including without limitation reasonable attorneys' fees), and losses due to the injury or death of any individual, or the loss or damage to any real or tangible personal property, to the extent resulting from the willful misconduct or negligent acts or omissions of the Contractor or any of its affiliates, agents, subcontractors, employees, suppliers, or laborers furnishing or supplying work, Deliverables, Services, materials, or supplies in connection with the performance of this Contract. Such defense and payment will be conditional upon the following:

- a) The State and Authorized Purchasing Entities will notify the Contractor of any such claim in writing and tender the defense thereof within a reasonable time (but no delay or failure to so notify the Contractor shall relieve it of its obligations under the PA except to the extent that Contractor has suffered actual prejudice by such delay or failure); and
- b) The Contractor will have sole control of the defense of any action on such claim and all negotiations for its settlement or compromise; provided that (i) when substantial principles of government or public law are involved, when litigation might create precedent affecting future State and Authorized Purchasing Entities operations or liability, or when involvement of the State and Authorized Purchasing Entities is otherwise mandated by law, the State and Authorized Purchasing Entities may participate in such action at its own expense with respect to attorneys' fees and costs (but not liability); (ii) where a settlement would impose liability on the State and Authorized Purchasing Entities, affect principles of California government or public law, or impact the authority of the State and Authorized Purchasing Entities, the California Department of Technology shall have the right to approve or disapprove any settlement or compromise, which approval will not unreasonably be withheld or delayed; and (iii) the State and Authorized Purchasing Entities will reasonably cooperate in the defense and in any related settlement negotiations.

28. SERVICE TAXES, FEES, SURCHARGES, AND SURCREDITS

- a) The Authorized Purchasing Entities shall be subject to Service taxes, fees, surcharges, and surcredits that are mandated by the government of the State of California (including the CPUC), and the federal government (including the FCC), as applicable. The Authorized Purchasing Entities shall be subject to Service taxes, fees, surcharges and surcredits mandated by the State and federal governments, and also as mandated by California local government jurisdictions and political subdivisions, as applicable. Mandates in effect at the time of award and as

hereafter mandated may be recovered from Authorized Purchasing Entities of the applicable Service.

- b) The Authorized Purchasing Entities reserves the right to verify, and if necessary, challenge the Contractor and the applicable regulatory authority, the application by the Contractor of Service taxes, fees, surcharges, and surcredits referred to in subsection a) above. Should the Authorized Purchasing Entities consider the application of such items to be inappropriate, the Authorized Purchasing Entities and the Contractor shall meet and confer regarding the applicability of such items. If thereafter a dispute exists regarding the proper application of such items, the parties may resolve such disputes in accordance with Section 40, Disputes. Either party may seek guidance or clarification from the applicable regulatory authority regarding the appropriate application of such items. If the application of such items is deemed inappropriate by the regulatory authority, the Contractor shall cease and/or revise the application of such items and, if appropriate, issue retroactive credits to the impacted Authorized Purchasing Entities.
- c) All charges under the PA are exclusive of applicable federal, state and local sales, use, excise, utility, and gross receipt taxes, other similar tax-like charges and surcharges. The Authorized Purchasing Entities will provide the Contractor the tax exemption certificates that comply with the requirements of the Internal Revenue Code and Regulations (i.e., see Internal Revenue Regulations section 49.4253-11 and IRS Publication 510 or their current equivalent versions). The Contractor agrees to exempt all Entities from federal excise taxes and E-9-1-1 taxes, all as applicable, promptly after the date the Contractor receives a duly authorized and valid exemption certificate. The Contractor agrees, for the purpose of federal exemption, that the State will act as the authorized agent for the PA in submitting exemption requests on behalf of all Authorized Purchasing Entities.

The Contractor shall be authorized to include as a separate line item a charge for reimbursement of sales tax or use tax expense that is incurred with respect to a sale of handsets, accessories, or other tangible property to Authorized Purchasing Entities, and the Authorized Purchasing Entities shall pay such sales tax or use tax reimbursement charge to the Contractor.

29. NEWLY MANUFACTURED EQUIPMENT

Except where requested by the Authorized Purchasing Entity or when Equipment is provided as a warranty replacement, all Equipment furnished under the PA shall be newly manufactured Equipment or certified as new and warranted as new by the manufacturer; used or reconditioned Equipment is prohibited, unless otherwise specified.

30. PARTICIPATING ADDENDUM MODIFICATION

- a) No amendment or variation of the terms of the PA shall be valid unless made in writing, signed by the parties and approved as required. No oral understanding or agreement not incorporated in the PA is binding on any of the parties.
- b) Any change to the Contractor's name will require a PA amendment. The State, upon notification and receipt of legal documentation indicating the name change from the Contractor, will process the required amendment, assuming no other change has been made to the business entity.

31. NEWS RELEASES

Any news releases, endorsements, advertising, and social media content pertaining to the PA shall not be made without prior written approval of the California Department of Technology and the applicable Authorized Purchasing Entity.

32. SOFTWARE LICENSE

Unless otherwise specified in the Purchase Order, the Contractor hereby grants to the Authorized Purchasing Entities and the Authorized Purchasing Entities accepts from the Contractor, subject to the terms and conditions of this Contract, a royalty-free, non-exclusive right to the use of Software Products in this Contract. The Authorized Purchasing Entities may use the Software Products only in connection with the use of the Service and according to the licensing terms specified in the Contract. Acceptance of the Software (including any click-to-accept (Click Wrap) third party Commercial Software/EULAs associated with Services sold under this Contract) will be governed by the terms and conditions of this Contract.

33. PROTECTION OF CONTRACTOR FURNISHED PROPRIETARY SOFTWARE AND OTHER PROPRIETARY DATA

- a) The Authorized Purchasing Entities agree that all material appropriately marked or identified in writing as proprietary, and furnished by the Contractor hereunder are provided for the Authorized Purchasing Entities exclusive use for the purposes of the PA only. All such proprietary data shall remain the property of the Contractor. The Authorized Purchasing Entities agree to take all reasonable steps to insure that such proprietary data are not disclosed to others, without prior written consent of the Contractor, subject to the California Public Records Act.
- b) The Authorized Purchasing Entities will insure, prior to disposing of any Contractor furnished media, that any licensed materials contained thereon have been erased or otherwise destroyed.

- c) The Authorized Purchasing Entities agree that they will take appropriate action by instruction, agreement or otherwise with its employees or other persons permitted access to the Contractor furnished licensed software and other proprietary data to satisfy its obligations in the PA with respect to use, copying, modification, protection and security of proprietary software and other proprietary data.

34. FUTURE RELEASES

Unless otherwise specifically provided in the Purchase Order, if improved versions, e.g., patches, bug fixes, updates or releases, of any Software Product are developed by the Contractor, and are made available to other licensees, they will be made available to the Authorized Purchasing Entities at no additional cost. If the Contractor offers new versions or upgrades to the Software Product, they shall be made available to the Authorized Purchasing Entities at the Authorized Purchasing Entities option at a price no greater than the Master Agreement price plus a price increase proportionate to the increase from the list price of the original version to that of the new version, if any. If the Software Product has no list price, such price increase will be proportionate to the increase in average price from the original to the new version, if any, as estimated by the Contractor in good faith.

35. ENCRYPTION & AUTHORIZATION KEYS

Upon initiation of Service, the Contractor, where applicable, shall provide all encryption and authorization keys required by the Authorized Purchasing Entities to operate or access the Software Products, Services or Equipment.

36. PATENT, COPYRIGHT AND TRADE SECRET INDEMNITY

- a) The Contractor will indemnify, defend, and hold harmless the State and Authorized Purchasing Entities, its officers, agents and employees, from any and all third party claims, costs (including without limitation reasonable attorneys' fees), and losses for infringement or violation of any U.S. Intellectual Property Right by any product, equipment or service provided hereunder. With respect to claims arising from Equipment or Software manufactured by a third party and sold by the Contractor, pursuant to this Contract, the Contractor will pass through to the State and Authorized Purchasing Entities such indemnity rights as it receives from such third party ("Third Party Obligation") and will cooperate in enforcing them; provided that if the third party manufacturer fails to honor the Third Party Obligation, the Contractor will provide the State and Authorized Purchasing Entities with indemnity protection equal to that called for by the Third Party Obligation, but in no event greater than that called for in the first sentence of this section. The provisions of the preceding sentence apply only to third party Equipment or Software sold as a

distinct unit and accepted by the State and Authorized Purchasing Entities. Unless a Third Party Obligation provides otherwise, the defense and payment obligations set forth in this subsection will be conditional upon the following:

- i. The State and Authorized Purchasing Entities will notify the Contractor of any such claim in writing and tender the defense thereof within a reasonable time; and
 - ii. The Contractor will have sole control of the defense of any action on such claim and all negotiations for its settlement or compromise; provided that: (a) when substantial principles of government or public law are involved, when litigation might create precedent affecting future State and Authorized Purchasing Entities operations or liability, or when involvement of the State and Authorized Purchasing Entities is otherwise mandated by law, the State and Authorized Purchasing Entities may participate in such action at its own expense with respect to attorneys' fees and costs (but not liability); (b) where a settlement would impose liability on the State and Authorized Purchasing Entities, affect principles of California government or public law, or impact the authority of the State and Authorized Purchasing Entities, the California Department of Technology will have the right to approve or disapprove any settlement or compromise, which approval will not unreasonably be withheld or delayed; and (c) the State and Authorized Purchasing Entities will reasonably cooperate in the defense and in any related settlement negotiations.
- b) Should the Deliverables (including any Software or Equipment) or Cellular Service, or the operation thereof, become, or in the Contractor's opinion are likely to become, the subject of a claim of infringement or violation of a U.S. Intellectual Property Right, the State and Authorized Purchasing Entities shall permit the Contractor, at its option and expense either (i) to procure for the State and Authorized Purchasing Entities the right to continue using the Deliverables or Cellular Service (ii) to replace or modify the same so that they become non-infringing or (iii) discontinue Cellular Service to the infringing lines and refund any amounts prepaid by the State and Authorized Purchasing Entities for such Service for the period after the State and Authorized Purchasing Entities cease use of the Deliverables or Cellular Service. If none of these options can reasonably be taken, or if the use of such Deliverables or Service by the State and Authorized Purchasing Entities shall be prevented by injunction, the Contractor agrees to take back such Deliverables and make every reasonable effort to assist the State and Authorized Purchasing Entities in procuring substitute Deliverables. If in the reasonable, good faith opinion of the State and Authorized Purchasing Entities, the return of such

infringing Deliverables makes the retention of other Deliverables or the use of Services acquired from the Contractor under the PA impractical, the State and Authorized Purchasing Entities shall then have the option of terminating such PAs or applicable Purchase Order thereof, without penalty or termination charge. The Contractor agrees to take back such Deliverables and refund any sums the State and Authorized Purchasing Entities has paid the Contractor less any reasonable amount for use or damage.

- c) The Contractor shall have no liability to the State and Authorized Purchasing Entities under any provision of this clause with respect to any claim of patent, copyright or trade secret infringement which is based upon:
- i. The combination or utilization of Cellular Service furnished hereunder with Equipment, Software, or devices not provided or made available by the Contractor; or,
 - ii. The operation of Equipment furnished by the Contractor under the control of any operating software other than, or in addition to, the current version of Contractor or manufacturer-supplied operating software; or
 - iii. The unauthorized modification by or on behalf of the State and Authorized Purchasing Entities of the Equipment or Software furnished hereunder; or
 - iv. Any illegal or unauthorized use of the Cellular Service; or
 - v. The Authorized Purchasing Entities continuance of an infringing activity after being notified thereof; or
 - vi. Any negligent or willful act or omission by or attributable to the Authorized Purchasing Entities.
- d) The Contractor certifies that it has appropriate systems and controls in place to ensure that Authorized Purchasing Entities funds will not be used in the performance of the PA for the acquisition, operation, or maintenance of Software or Equipment in violation of U.S Intellectual Property laws.

37. EXAMINATION AND AUDIT

Unless otherwise specified in the Purchase Order:

- a) Without limiting any examination or audit rights, or other rights of the State and Authorized Purchasing Entities set forth in the Contract, the Contractor agrees that the State and Authorized Purchasing Entities, or its designated representative, shall have the right, to audit, review and copy any records and supporting documentation pertaining to performance of and invoicing under this Contract. The Contractor agrees to maintain such records for possible audit for a minimum

of four (4) years after final payment and five (5) years for Federal Universal Service Fund ("E-rate") funded projects, unless a longer period of records retention is stipulated or required by law. The Contractor agrees to allow the auditor(s) access to such records during normal business hours and to allow interviews of any employees or others who might reasonably have information related to such records. The State and Authorized Purchasing Entities agrees to take all reasonable steps to ensure that such information is not disclosed to third parties, subject to the California Public Records Act or other lawful process (e.g. in response to a subpoena).

- b) For avoidance of doubt, audits may include those conducted by personnel of the State and Authorized Purchasing Entities, or its designated representative, in performance of PA oversight responsibilities in reviewing invoices, monthly fiscal management and/or other required reports, as well as the application of Service taxes, fees, surcharges and surcredits on invoices.
- c) Subject to the Disputes clause, if an audit reveals that the Contractor has overcharged the State and Authorized Purchasing Entities for Service(s) during the period to which the audit relates, then the Contractor shall promptly refund such overcharges to the State and Authorized Purchasing Entities as appropriate, and, if the amount of the overcharge (offset by any undercharges revealed by such audit) is more than five percent (5%) of the Contractor's charges to the State and Authorized Purchasing Entities for such Service(s) for such period, the reasonable cost of such audit (including any imputed costs of State and Authorized Purchasing Entities for audits performed by the State and Authorized Purchasing Entities itself) shall be borne by the Contractor.
- d) If any audit reveals an inadequacy or insufficiency of the Contractor's performance, including performance in connection with any security obligations of the Contractor as set forth in this Contract, the Contractor shall promptly develop and provide to the State and Authorized Purchasing Entities, for approval, a reasonable and detailed corrective action plan and promptly thereafter implement such plan in accordance with its terms. In addition, the cost of such audit, and subsequent related audits or audit activity, shall be borne by the Contractor in the event that: (i) the State and Authorized Purchasing Entities specifically identifies a particular deficiency with respect to the Contractor's performance of any particular Service; and (ii) The Contractor either denies or fails to cure such identified deficiency within thirty (30) calendar days. Further, the Contractor agrees to include an equivalent right of the State and Authorized

Purchasing Entities to audit records and interview staff in any subcontract related to performance of and invoicing under this Contract.

- e) Notwithstanding anything to the contrary in this section, the State and Authorized Purchasing Entities or any auditing body or its designated representative, agrees that it will not exercise the audit rights described in this section more than once per calendar year, however, any follow-up reviews or other investigations related to an audit initiated under this section may be conducted at any time and upon reasonable notice.
- f) Where the Contractor conducts an internal audit of the Contractor's performance under the PA which shows any significant failures by the Contractor to meet its obligations hereunder, the Contractor shall provide to the State and Authorized Purchasing Entities a written summary describing in reasonable detail such findings of such internal audit. If the Contractor determines at any time that it has overcharged any Authorized Purchasing Entities, then the Contractor shall promptly provide to the applicable Authorized Purchasing Entities a credit equal to the amount of such overcharge plus interest from the date of the Contractor's receipt of such overcharge at a rate which is consistent with the rate provided in the California Prompt Payment Act, Government Code section 927 et seq.
- g) The Contractor agrees that (i) the State or its designees will have the right to obtain, copy and review all billing records of public or local government entities purchasing under this PA; and (ii) the State and Authorized Purchasing Entities may forward audit results showing call rate discrepancies to the CPUC.

38. CONTINUING STANDARDS OF PERFORMANCE FOR CONTRACTOR SERVICES

Unless otherwise specified in the Purchase Order:

a) Applicability:

The Contractor agrees that subsequent to completion of the successful performance period and acceptance of the Services by the Authorized Purchasing Entities, the Contractor will comply with the availability and/or performance requirements and criteria established in the PA throughout the full PA Term, including any extensions.

b) Causes and Effects of Contractor Service Malfunctions:

- i. The Authorized Purchasing Entities recognize that Equipment failures do occur, and that software is not infallible. Moreover, the Authorized Purchasing Entities concedes that conditions external to Equipment may cause it to fail, particularly environmental conditions, that are outside the Equipment design

operating parameters. The Authorized Purchasing Entities agree, therefore, that unsatisfactory Contractor Service performance which is outside the control of the Contractor will not be considered in a determination of the level of performance.

- ii. In the event the Contractor's Service failure or unsatisfactory performance is a result of factors external to the PA, the Contractor agrees to make appropriate recommendations to the Authorized Purchasing Entities in order that such external factors may be corrected to preclude future problems of a similar nature. Within five (5) business days after such failure occurs, the Contractor shall meet and confer with the Authorized Purchasing Entities regarding appropriate next steps, which may include preparation, for the Authorized Purchasing Entities review, comment and approval, of a milestone-based action plan making such recommendations and corrections described in the preceding sentence.
- iii. In the event that the precise cause of a failure cannot be readily determined, both the Authorized Purchasing Entities and the Contractor shall continue to research the situation until the probable cause has been identified or until agreement is reached that the probable cause cannot be identified. Within five (5) business days after such failure occurs (or such other timeframe specified in the solicitation), the Contractor shall meet and confer with the Authorized Purchasing Entities regarding appropriate next steps, which may include preparation, for the Authorized Purchasing Entities review, comment and approval, of a milestone-based action plan for researching the probable cause of the failure.

c) Levels of Performance Required

The Contractor shall perform the Deliverables or Services at the levels of quality, completeness, accuracy, timeliness, responsiveness and efficiency that are consistent with the accepted industry standards or Service Level Agreements applicable to the performance of such Deliverables and the Services or, if higher, the levels of the same received by the Authorized Purchasing Entities prior to the Effective Date and as set out in applicable Service performance exhibits or the Purchase Order, agreed upon by the parties and incorporated into the Contract. Without limiting the foregoing or other obligations of the Contractor, for those Deliverables, requirements, and Services for which the Purchase Order specifies a particular Service level, the Contractor shall provide all Deliverables, requirements, and Services at levels at least in accordance with such Service levels.

d) Remedies for Unacceptable Levels of Performance

The remedies provided in this section shall be in addition to any remedies regarding Warranty. If a Contractor Deliverable, requirement, or Service does not meet the minimum level of performance as set forth in the Purchase Order, the remedy or process for correction set forth in the Purchase Order will be followed by the parties. If the specific Deliverable or Service has no remedy or process for correction set forth in the Purchase Order, Authorized Purchasing Entities shall promptly notify the Contractor in writing of such unacceptable performance and the impact on the Authorized Purchasing Entities, and the Contractor shall promptly initiate action to remedy the unsatisfactory performance. The Contractor shall, at its option, take one or more of the following actions to correct the situation:

- i. Provide on-site Contractor personnel for analysis of the problem;
- ii. Replace the faulty Equipment, Deliverable or Service;
- iii. Provide substitute Equipment, Deliverable or Service satisfactory to the Authorized Purchasing Entities;
- iv. Modify the Equipment, Deliverable or Service; or
- v. Take any other action with which the Authorized Purchasing Entities concurs.

If the Contractor fails to correct an unacceptable level of performance with respect to any Equipment, Deliverable, or Service to the requirements of the PA during the thirty (30) calendar days following receipt of written notice from the Authorized Purchasing Entities (or such other timeframe specified in the Contract), the Authorized Purchasing Entities and the Contractor can mutually agree to extend the time to a specified date. If the Contractor fails to correct the situation to the satisfaction of the Authorized Purchasing Entities by the end of the specified time period, then, without limiting any other remedy specified in the Contract, the Authorized Purchasing Entities may (i) secure replacement Equipment, Deliverables or Services with the Contractor responsible for payment of Costs to Cover, and/or (ii) terminate that portion of the Purchasing Order relating to the deficient equipment, Deliverable, Requirement, or Service. The above-described remedies are not intended to constrain either party from any other action mutually agreed to by the Contractor and the Authorized Purchasing Entities as being more appropriate or to limit any of the Authorized Purchasing Entities other rights and remedies under this Contract, at law or in equity, including the exercise of Section 46 (Set-Off Rights).

e) Replacement or Substitution of Equipment by the Contractor

If the Contractor, in an attempt to improve the level of performance, replaces or substitutes Equipment or Service that meets all of the PA requirements, such

replacement or substitution shall be at no cost to the Authorized Purchasing Entities.

f) Review of Performance

The Contractor's performance will be periodically evaluated in accordance with the Service levels for each Service delivered throughout the term of this Contract. In accordance with the California Government Code, the Contractor performance evaluation will be completed within the guidelines of the State Administrative Manual.

39. AVAILABILITY

- a) If at any time after award of this Contract, the Contractor becomes unable to provide any part of its contracted Services, the Contractor must, within ten (10) Business Days, notify the Authorized Purchasing Entities in writing to seek a potential resolution, and if appropriate, propose a replacement of those Services which it can no longer provide. The replacement must be at no cost to the Authorized Purchasing Entities, and shall be materially equivalent to or exceed the proposed Service which was previously offered and accepted by the Authorized Purchasing Entities in the Contractor's Final Bid or awarded Contract.
- b) The Authorized Purchasing Entities reserve the sole right to determine if the proposed replacement is acceptable. An inability to provide a Mandatory requirement may be grounds for PA termination in whole or in part.

40. DISPUTES

Unless otherwise specified in the Contract:

- a) The parties shall deal in good faith and attempt to resolve potential disputes informally.
- b) If the dispute persists, the Contractor shall submit to the Authorized Purchasing Entities' Director or designee a written demand for a final decision regarding the disposition of any dispute between the parties arising under, related to or involving this PA. The Contractor's written demand shall be fully supported by factual information, and if such demand involves a cost adjustment to the applicable Purchase Order, the Contractor shall include with the demand a written statement signed by an authorized person indicating that the demand is made in good faith, that the supporting data are accurate and complete and that the amount requested accurately reflects the Purchase Order adjustment for which the Contractor believes the Authorized Purchasing Entities are liable. The Authorized Purchasing Entities' Director or designee shall have thirty (30) days after receipt of

the Contractor's written demand invoking this Section 42 (Disputes) to render a written decision. If a written decision is not rendered within thirty (30) days after receipt of the Contractor's demand, it shall be deemed a decision adverse to the Contractor's contention.

- c) If the Contractor is not satisfied with the decision of the Authorized Purchasing Entities' Director or designee, the Contractor may appeal the decision, in writing, within fifteen (15) days of its issuance (or the expiration of the thirty (30) day period in the event no decision is rendered by the Authorized Purchasing Entities, to the Department of Technology, Statewide Technology Procurement Deputy Director or designee, who shall have thirty (30) days to render a final decision.
