This indemnification clause excludes Claims arising from the sole negligence or willful misconduct of the City. Consultant's obligation to indemnify shall not be restricted to insurance proceeds, if any, received by the City, the City Council, members of the City Council, its employees, or authorized volunteers. Consultant's indemnification obligation shall survive the expiration or earlier termination of this Agreement.

b. If Consultant's obligation to defend, indemnify, and/or hold harmless arises out of Consultant's performance as a "design professional" (as that term is defined under Civil Code section 2782.8), then, and only to the extent required by Civil Code section 2782.8, which is fully incorporated herein, Consultant's indemnification obligation shall be limited to the extent which the Claims arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of the Consultant in the performance of the services or this Agreement, and, upon Consultant obtaining a final adjudication by a court of competent jurisdiction, Consultant's liability for such claim, including the cost to defend, shall not exceed the Consultant's proportionate percentage of fault.

18. California Labor Code Requirements. The Consultant is aware of the requirements of California Labor Code Sections 1720 et seq. and 1770 et seq., as well as California Code of Regulations, Title 8, Section 16000, et seq. If the Services are being performed as part of an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, the Consultant agrees to fully comply with such Prevailing Wage Laws, if applicable. Consultant shall defend, indemnify, and hold the City, its elected officials, officers, employees, and agents free and harmless from any claims, liabilities, costs, penalties, or interest arising out of any failure or alleged failure to comply with the Prevailing Wage Laws. It shall be mandatory for the Consultant and all subcontractors to comply with all California Labor Code provisions, which include but are not limited to prevailing wages (Labor Code Sections 1771, 1774 and 1775), employment of

apprentices (Labor Code Section 1777.5), certified payroll records (Labor Code Sections 1771.4 and 1776), hours of labor (Labor Code Sections 1813 and 1815) and debarment of contractors and subcontractors (Labor Code Section 1777.1).

If the Services are being performed as part of an applicable "public works" or "maintenance" project, then pursuant to Labor Code Sections 1725.5 and 1771.1, the Consultant and all sub-consultants performing such Services must be registered with the Department of Industrial Relations. Consultant shall maintain registration for the duration of the Project and require the same of any sub-consultants, as applicable. This Project may also be subject to compliance monitoring and enforcement by the Department of Industrial Relations. It shall be the Consultant's sole responsibility to comply with all applicable registration and labor compliance requirements.

19. Verification of Employment Eligibility. By executing this Agreement, Consultant verifies that it fully complies with all requirements and restrictions of state and federal law respecting the employment of undocumented aliens, including, but not limited to, the Immigration Reform and Control Act of 1986, as may be amended from time to time, and shall require all sub-consultants and sub-subconsultants to comply with the same.

20. Laws and Venue. This Agreement shall be interpreted in accordance with the laws of the State of California. If any action is brought to interpret or enforce any term of this Agreement, the action shall be brought in a state or federal court situated in the County of San Bernardino, State of California.

21. Termination or Abandonment

a. City has the right to terminate or abandon any portion or all of the work under this Agreement by giving ten (10) calendar days written notice to Consultant. In such event, the City shall be immediately given title and possession to all original field notes, drawings and specifications, written reports, and other documents produced or developed for that portion of the work completed and/or being abandoned. The City shall pay the Consultant the reasonable value of services rendered for any portion of the work completed prior to termination. If said termination occurs prior to completion of any task for the Project for which a payment request has not been received, the charge for services performed during such task shall be the reasonable value of such services, based on an amount mutually agreed to by City and Consultant of the portion of such task completed but not paid prior to said termination. City shall not be liable for any costs other than the charges or portions thereof which are specified herein. Consultant shall not be entitled to payment for unperformed services and shall not be entitled to damages or compensation for termination of work.

b. Consultant may terminate its obligation to provide further services under this Agreement upon thirty (30) calendar days written notice to City only in the event of substantial failure by City to perform in accordance with the terms of this Agreement through no fault of Consultant.

22. Attorneys' Fees. In the event that litigation is brought by any Party in connection with this Agreement, the prevailing Party shall be entitled to recover from the opposing Party all costs and expenses, including reasonable attorneys' fees, incurred by the prevailing Party in the exercise of any of its rights or remedies hereunder or the enforcement of any of the terms, conditions, or provisions hereof. The costs, salary, and expenses of the City Attorney's Office in

enforcing this Agreement on behalf of the City shall be considered as “attorneys’ fees” for the purposes of this Agreement.

23. Responsibility for Errors. Consultant shall be responsible for its work and results under this Agreement. Consultant, when requested, shall furnish clarification and/or explanation as may be required by the City’s representative regarding any services rendered under this Agreement at no additional cost to City. In the event that an error or omission attributable to the Consultant’s professional services occurs, the Consultant shall, at no cost to the City, provide all other services necessary to rectify and correct the matter to the sole satisfaction of the City and to participate in any meeting required with regard to the correction.

Except as otherwise provided in “Termination or Abandonment” above, all original field notes, written reports, Drawings and Specifications, and other documents produced or developed for the Project shall, upon payment in full for the services described in this Agreement, be furnished to and become the property of the City.

27. Organization. Consultant shall assign **Gina Wieczorek** as Project Manager. The Project Manager shall not be removed from the Project or reassigned without the City’s prior written consent.

## **PLANNING, PRE-DEVELOPMENT AND PRE-CONSTRUCTION PHASE– 2-3 MONTHS – DECEMBER 2024 -JANUARY/FEBRUARY 2025**

The planning, pre-development and pre-construction phase is critical for setting the foundation for the Project's success. CREDE will provide the following comprehensive services during the Planning, Pre-Development and Pre-Construction period, focusing on Project planning, schedule, budget, risk management, and detailed design coordination. The key services we will be providing include:

### **1.1 Project Planning and Feasibility Studies**

- **Project Scoping:** We work closely with the City, Modular Building Manufacturer and any other stakeholders to define Project requirements, goals, and objectives, ensuring the Project scope aligns with the City's vision and regulatory requirements. Meet with the City Project representatives and Modular Building Manufacturer's Project Team on a weekly basis, and more often as needed, to obtain real time feedback on design and planning to keep the Project on schedule and on track.
- **Feasibility Assessment:** Our team conducts feasibility studies to evaluate site conditions, utility availability, zoning regulations, and other potential constraints that could impact the Project timeline and budget.
- **Value Engineering:** We will provide Value Engineering suggestions to optimize design decisions and material selections, as well as to reduce costs. We strive to ensure cost-effective solutions without compromising quality.

### **1.2 Scheduling**

- **Master Schedule Creation:** We will develop a detailed master schedule that covers every phase of the Project, from initial planning, design, permitting, construction through to certificates of occupancy and Project completion. We identify all critical milestones and deliverables.
- **Phasing Plan:** Given the Modular nature of the Project, we will create a Phasing Plan that integrates the off-site fabrication process with on-site construction activities. This will minimize disruption to on-site construction progress and maximizing the efficiency of the overall construction. We will work with the Modular Building Manufacturer and the General Contractor to include a storage and delivery schedule to ensure proper and timely assembly.

### **1.3 Design Coordination and Permitting**

- **Design Review and Project Meetings:** Our team will schedule and run regular weekly Owner Architect Contractor (OAC) design meetings with the Modular Building Manufacturer's team of Architects, Engineers, Contractors (when identified) and City representatives to ensure that all designs align with the Project's goals and regulatory requirements.
- **Permitting Assistance:** We provide comprehensive support to the Modular Building Manufacturer in obtaining all necessary permits, including building permits, environmental clearances, abatement and demolition permits, and utility approvals, ensuring compliance with local, state, and federal regulations.

### **1.4 Risk Management, Insurance, Labor Standards and Compliance**

- **Risk Assessment:** We will identify potential risks, such as permit delays, materials and systems with long lead times, supply chain disruptions or weather-related delays, and develop mitigation strategies to address these challenges proactively.

- **Insurance and Bonding:** We will be providing assistance with securing appropriate contractor and sub-contractor insurance coverage and payment, performance and completion bonds (if requested by the City) to protect the City throughout the Project.
- **Labor Standards:** We will create an integrated system of processes, checks and balances to ensure all labor Standards are properly enforced and adhered to by all contractors throughout the project. We will enforce State Public Works, Davis Bacon and HUD Section 3 required contract compliance programs.
- **Compliance Onboarding and Implementation:** Our team will confirm that the General Contractor and all Contractors have appropriate Registrations, Licenses, Workers Comp Insurance and are not debarred from working on a State, City, HUD or Federal Project. We will review required start-up compliance documents before contractors start any work on the Project and we will hold Pre-Construction compliance meetings.

## **CONSTRUCTION PHASE- 9 MONTHS – FEBRUARY 2025 – NOVEMBER 2025**

Our construction management services ensure seamless execution of the Project, with a focus on quality control, safety, compliance and Project coordination. The construction phase for a Modular Navigation Center requires specialized management to properly and efficiently integrate the Modular components with on-site construction activities.

### **2.1 Site Management and Coordination**

- **Logistics Planning:** During the construction period we will manage the logistics of storing, transporting and assembling Modular units on-site with the Modular Building Manufacturer. This includes coordination with the supplier, transportation providers, crane operators, and other subcontractors to ensure timely and efficient delivery.
- **On-Site Supervision:** Our Project management team will be on-site weekly once the construction starts to oversee all activities, including excavation, utility installation, foundation work, unit assembly and interior finish work.
- **Coordination with Off-Site Fabrication:** We maintain constant communication with the Modular Building Manufacturer to synchronize on-site preparation with off-site production, storage and delivery, ensuring a smooth workflow. The Modular Building Manufacturer will be involved in all weekly OAC meetings.
- **Client Reporting:** We will provide an updated Project Master Budget once per month. Our team will provide Weekly Progress Reports and provide Monthly Development and Work Summary Reports outlining permitting, design, construction and scheduling activities so the City is informed of all development and construction activities.

### **2.2 Quality Assurance and Control**

- **Inspections and Testing:** We will identify and engage on behalf of the City a testing and inspection lab to perform regular inspections and testing of materials and work to confirm compliance with the Project's plans, specifications and local building codes. All testing and inspection reports are provided to the City as they become available.
- **Quality Control Plan:** Our team implements a rigorous quality control plan to verify that each Modular Unit meets design specifications prior to installation.

### **2.3 Contractor Compliance and Monitoring**

- **Compliance Monitoring:** Our team will track, monitor and enforce all Labor Compliance requirements are being met on the project (Federal Davis Bacon and Related Acts 29 CFR part 5 and HUD as outlined in recipients General Conditions including Section 3 hiring and

contract award). This includes ongoing DIR, CSLB and Business License expiration monitoring and enforcement.

## 2.4 Schedule Management

- **Schedule Monitoring:** Our Project Managers will monitor progress against the Master Schedule and when potential delays are identified, we will work with the General Contractor and Sub-Contractors to come up with changes in sequencing of the work to minimize impacts to schedule and cost. Real-time reporting systems will provide the City with up-to-date information on Project milestones. Monthly reporting to the City will also summarize construction progress, schedule updates and any deviations to the schedule.
- **Phased Delivery:** We will work with the Modular Building Manufacturer on the phasing plan to deliver the Modular units in phases. We will explore the possibility of allowing for individual certificates of occupancy while construction continues with remaining modular buildings that are part of the Project, expediting the City's ability to address immediate housing needs. This will be included in our planning for the construction delivery schedule, site management plan and safety plans.

## 2.5 Change Management

- **Change Order Tracking:** We will implement a robust change management process to track and document any changes in the Project scope, budget, or timeline, ensuring transparency and accountability.
- **Impact Analysis:** Any proposed changes are thoroughly analyzed for potential impact on the Project Schedule and Project Budget, and recommendations are provided to the City for decision-making.

## 2.6 Closeout and Commissioning

- **Final Inspections:** Once the Modular Units are assembled and the Project is nearing completion, our team will conduct final inspections to ensure all elements meet Project specifications and compliance standards.
- **Punch List Management:** We work closely with the General Contractor and Subcontractors to address any punch list items promptly, ensuring the Project's smooth closeout.
- **Turnover and Commissioning:** Upon successful completion of all phases, we will assist the City with the final turnover of the Project, including training City Staff and/or the selected Operator on the operation and maintenance of the Modular Housing Units, and providing as-built documentation.
- **Final Audit Reporting:** Final retention audit begins upon job completion (before final retention release). The final review includes: Confirmation of all Labor and Prevailing Wage Compliance, apprentice hiring, fringe/training payments and Section 3 requirements have been met by all contractors who performed labor on the Project.
- **Final Agency Reporting:** During the Project, we will provide copies of all Contractors' final affidavits. We will also provide digital copies of all documents at final closeout of the Project. We will assist with all Agency final reporting needed for Diverse Business Enterprise Contracting, Section 3 employment and Prevailing Wage final reporting. We will provide a letter confirming prevailing wage has been monitored and met for this Project for closeout approval use.

Consultant ensures its current and future compliance with Title VI of the Civil Rights Act of 1964, as amended, which prohibits exclusion from participation, denial of the benefits of, or subjection to discrimination under programs and activities receiving federal funds, of any person in the United States on the ground of race, color, or national origin (42 U.S.C. § 2000d *et seq.*), as implemented by the Department of the Treasury Title VI regulations at 31 CFR

Part 22 and other pertinent executive orders such as Executive Order 13166; directives; circulars; policies; memoranda and/or guidance documents.

Consultant acknowledges that Executive Order 13166, "Improving Access to Services for Persons with Limited English Proficiency (LEP)," seeks to improve access to federally assisted programs and activities for individuals who, because of national origin, are limited in their English proficiency. Consultant understands that the denial of access to persons to its programs, services and activities because of their limited proficiency in English is a form of national origin discrimination prohibited under Title VI of the Civil Rights Act of 1964. Accordingly, Consultant shall initiate reasonable steps, or comply with Treasury's directives, to ensure meaningful access to its programs, services and activities to LEP persons. Consultant understands and agrees that meaningful access may entail providing language assistance services, including oral interpretation and written translation where necessary to ensure effective communication in the Project.

As a resource, the Department of the Treasury has published its LEP guidance at 70 FR 6067. For more information on LEP, please visit <http://www.lep.gov>.

Consultant acknowledges and agrees that compliance with this assurance constitutes a condition of continued receipt of federal financial assistance and is binding upon Consultant and Consultant's successors, transferees and assignees for the period in which such assistance is provided.

Consultant agrees to incorporate the following language in every contract or agreement subject to Title VI and its regulations between the Consultant and the Consultant's subcontractors, successors, transferees and assignees:

The subcontractor, successor, transferee and assignee shall comply with Title VI of the Civil Rights Act of 1964, which prohibits recipients of federal financial assistance from excluding from a program or activity, denying benefits of, or otherwise discriminating against a person on the basis of race, color, or national origin (42 U.S.C. § 2000d et seq.), as implemented by Department of the Treasury Title VI regulations, 31 CFR Part 22, which are herein incorporated by reference and made a part of this contract (or agreement). Title VI also extends protection to persons with "Limited English proficiency" in any program or activity receiving federal financial assistance, 42 U.S.C. § 2000d et seq., as implemented by Department of the Treasury Title VI regulations, 31 CFR Part 22, which are herein incorporated by reference and made a part of this contract (or agreement).

Consultant understands and agrees that if any real property or structure is provided or improved with the aid of federal financial assistance by the Department of the Treasury, this assurance obligates the Consultant, or in the case of a subsequent transfer, the transferee, for the period during which the real property or structure is used for a purpose for which the federal financial assistance is extended or for another purpose involving the provision of similar services or benefits. If any personal property is provided, this assurance obligates the Consultant for the period during which it retains ownership or possession of the property.

Consultant shall cooperate in any enforcement or compliance review activities by the Department of the Treasury of the aforementioned obligations. Enforcement may include

investigation, arbitration, mediation, litigation, and monitoring of any settlement agreements that may result from these actions. Consultant shall comply with information requests, on-site compliance reviews, and reporting requirements.

Consultant shall maintain a complaint log and inform the Department of the Treasury of any accusations of discrimination on the grounds of race, color, or national origin, and limited English proficiency covered by Title VI of the Civil Rights Act of 1964 and implementing regulations and provide, upon request, a list of all such reviews or proceedings based on the complaint, pending or completed, including outcome. Consultant must also inform the Department of the Treasury if Consultant has received no complaints under Title VI.

Consultant must provide documentation of an administrative agency's or court's findings of non-compliance of Title VI and efforts to address the non-compliance, including any voluntary compliance or other agreements between the Consultant and the administrative agency that made the finding. If the Consultant settles a case or matter alleging such discrimination, Consultant must provide documentation of the settlement. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in

furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: Provided, That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant

orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.
