Dear Michele Mahan:

We at West Coast Lights & Sirens are grateful for your continued trust and support in our services. As a leading provider of emergency vehicle outfitting solutions, West Coast Lights & Sirens takes great pride in offering high-quality products and services that exceed our customers' expectations.

As a Ford PRO shop, we are at the forefront of the industry and constantly improving to meet the demands of our customers. This certification demonstrates that we have passed Ford's rigorous qualification process and adhere to the highest standards of quality, safety, and reliability. We apply these procedures to every vehicle in our shop.

With over 17 years of experience in the industry, we have established ourselves as a trusted partner to multiple agencies across the country. Our custom fabrication shop is equipped with state-of-the-art machinery, enabling us to produce specialized equipment tailored to your unique needs and specifications. We believe that our exceptional level of craftsmanship, attention to detail in providing emergency equipment and modifications to vehicles are what sets us apart from our competitors. Currently we are the only vender in Southern California recommended by Advanced Concept Exploitation & Tactical Support Equipment to install Cell Site Simulator equipment in mobile applications. We have now successfully installed and supported over 15 builds in the last 5 years all around the country and the number continues to grow.

We are willing and capable of taking on the Ford Expedition and modifying it to become a functional Cell Site Simulator for the San Bernardino Police Department under our current contract for outfitting Police Interceptors and consent to all changes needed. Estimate #14849, which is attached below; would represent to total cost to outfit this vehicle.

Thank you for considering West Coast Lights & Sirens as your preferred provider of emergency vehicle outfitting solutions.

Sincerely,
Mitchel Gonzalez
