Recommendation:

It is recommended that the Mayor and City Council of the City of San Bernardino California;

1. Approve the award of the Construction Agreement with Matich Corporation, in the amount of \$4,750,755.00 for the Pavement Rehabilitation at Fourteen Locations (Project); and

4. Authorize the City Manager or designee to expend the contingency fund, if necessary, to complete the project.

Executive Summary

Awarding the Construction Agreement for Pavement Rehabilitation at Fourteen Locations will address critical roadway maintenance needs at several locations throughout the City. This agreement will enable the City to issue a Notice to Proceed to Matich Corporation, starting the process of upgrading and repairing deteriorating

pavement. The scope of work includes clearing, full concrete and asphalt construction, crack sealing, overlays, traffic striping, utility adjustments, and traffic control. The project will be funded through the RMRA/SB1 and Gas Tax budgets.

Background

As part of the City's commitment to maintaining its streets, a Pavement Management Analysis (PMA) was conducted on November 24, 2021, to assess the Remaining Service Life (RSL) of all public streets. Based on this analysis, City staff developed a list of 35 locations, considering factors such as pavement condition, available funding, community input (via CRM), and coordination with planned infrastructure projects.

On June 26, 2024, the Mayor and the City Council approved Resolution No. 2024-142 of the Operating Budget of the CIP 2025-2029, which included the 35 locations list. From this list, 14 locations have been selected for inclusion in the annual Road Maintenance and Rehabilitation Program (RMRA)/SB1.

On July 3, 2024, the Mayor and City Council adopted Resolution No. 2024-146, authorizing the Director of Finance to amend the FY 2024/25 Capital Improvement Plan. This amendment includes supplemental appropriations of \$5,787,126.00 from the SB1 Fund and \$1,355,877.50 from the Gas Tax Fund, totaling an additional appropriation of \$7,143,003.50 for the Street Rehabilitation – 14 Locations (Project No. 13630).

On December 19, 2024, Hilltop Geotechnical, Inc. issued a Pavement Design Report for the fourteen locations, which included a comprehensive pavement evaluation. The evaluation involved the exploration of both surface and subsurface conditions of the streets, conducted between November 6 and November 8, 2024.

The project includes the following locations:

- North Mayfield Avenue from West 8th Street to 10th Street (Ward 1)
- North Western Avenue from 8th Street to Union Street (Ward 1)
- East Gilbert Street from North Waterman Avenue to Canyon Road (to the Bridge) (Ward 2)
- West 14th Street from North G Street to North E Street (Ward 2)
- East Hardt Street from South Tippecanoe Avenue to Richardson Street (Ward 3)
- East Holden Drive from the West End to the East End (Ward 3)
- North Orange Street from 210 FWY and Highland Avenue
(Extending the paving from Highland Avenue to Piedmont Drive is an additive)
(Ward 4)
- North Electric Avenue from West 40th Street to 48th Street (Ward 4)
- North Varsity Avenue from West College Avenue to Universal Ave (Ward 5)
- West College Avenue from University Parkway to North Citadel Avenue (Ward 5)
- West Roosevelt Avenue, from Macy Street to University Parkway (Ward 6)

- North Macy Street from Roosevelt Avenue to West and East end of West Washington Avenue (including Lincoln Avenue from West End to University Parkway) (Ward 6)
- West 34th Street from North Mountain View Avenue to North Sierra Way (Ward 7)
- North Mountain View Avenue from West 30th Street to Edgerton Drive (Ward 7)

Discussion

As part of the City's ongoing efforts to improve and maintain the condition of public streets this project follows a comprehensive Pavement Management Analysis (PMA) conducted in November 24, 2021, which identified priority locations based on their Remaining Service Life (RSL). Since then, the City has secured funding through the SB1 and Gas Tax Funds, and additional technical evaluations have been conducted to assess the pavement conditions. This report will outline key developments, including the approval of funding allocations, the Pavement Design Report by Hilltop Geotechnical, Inc., and the next steps in the project's implementation.

A total of \$7,143,003.50 is available for the construction project, \$5,787,126.00 is allocated in RMRA/SB1, and \$1,355,877.50 is allocated in Gas Tax funds.

Budget

RMRA	\$5,787,126.00
Gas Tax	\$1,355,877.50
Available Project Budget	\$7,143,003.50

The Project was advertised for public bidding on February 12, 2025, on PlanetBids and in the San Bernardino Sun newspaper on February 15, 2025. Six sealed bids were received and opened on March 18, 2025. The total bid amounts, including both the base bid and additive bid items, were as follows:

Bidder	City	Bid
Matich Corporation	San Bernardino, CA	\$4,750,755.00
Copp Contracting, Inc.	Buena Park, CA	\$5,288,465.00
Onyx Paving Company, Inc.	Anaheim, CA	\$5,325,950.00
All American Asphalt	Corona, CA	\$5,487,745.00
Calmex Engineering, Inc.	Bloomington, CA	\$5,675,056.25
Hardy & Harper, Inc.	Lake Forest, CA	\$5,934,675.00

Staff has reviewed the bid package and determined that Matich Corporation of San Bernardino, California, is the lowest responsible and responsive bidder. The company

submitted a total base bid of \$4,450,590.00, with the total bid amount, including both the base bid and additive items, totaling \$4,750,755.00.

In addition to the construction costs, staff anticipate the need for construction contingency, construction management, administrative costs, independent soil and pavement testing and analysis, and an allowance for unforeseen work. The estimated potential cost for these additional items is \$1,500,000.00.

As a result, the total projected cost for the project, including construction contingencies, construction management, staff administration, and independent soil and pavement testing, is \$6,250,755.00.

Bid

Lowest Bid with Additives	\$4,750,755.00
Contingency & Administrative Cost	\$1,500,000.00
Total Construction Cost	\$6,250,755.00

2021-2025 Strategic Targets and Goals

This project is consistent with Key Target No. 1d. Improved Operational & Financial Capacity - Create a framework for spending decisions and 1f. Create an asset management plan. Approval of the proposed project list will allow staff to move forward in addressing deferred street maintenance needs identified in the PMA, and secure project funding resources available through RMRA/SB1.

Fiscal Impact

The total project budget is \$6,250,755, which includes \$4,750,755 for the contract award and \$1,500,000 in contingency. The project is fully funded, with \$7,143,003.50 available \$5,787,126 from RMRA/SB1 funds and \$1,355,877.50 from Gas Tax funds. There is no General Fund impact. This project is budgeted in the FY 2024/25 CIP and supported by Resolution 2024-146.

Conclusion

It is recommended that the Mayor and City Council of the City of San Bernardino California;

1. Approve the award of the Construction Agreement with Matich Corporation, in the amount of \$4,750,755.00 for the Pavement Rehabilitation at Fourteen Locations (Project); and
2. Authorize the project construction, construction contingencies, construction management, staff administrative costs, and independent soil and pavement testing, in the total amount of \$1,500,000 for construction of the project; and
3. Authorize the City Manager or designee to execute all documents with Matich Corporation; and

4. Authorize the City Manager or designee to expend the contingency fund, if necessary, to complete the project.

RESOLUTION NO. 2024-146

**RESOLUTION OF THE MAYOR AND CITY COUNCIL OF
THE CITY OF SAN BERNARDINO, CALIFORNIA,
APPROVING THE ROAD MAINTENANCE AND
REHABILITATION PROPOSED PROJECT LIST FOR
SUBMITTAL TO THE CALIFORNIA TRANSPORTATION
COMMISSION; AND ADOPTING A LIST OF PROJECTS
FOR FISCAL YEAR 2024/25 TO BE FUNDED BY SENATE
BILL 1: ROAD REPAIR AND ACCOUNTABILITY ACT OF
2017**

WHEREAS, Senate Bill 1 (SB 1), the Road Repair and Accountability Act of 2017 (Chapter 5, Statutes of 2017) was passed by the Legislature and Signed into law by the Governor in April 2017 to address the significant multi-modal transportation funding shortfalls statewide; and

WHEREAS, SB 1 includes accountability and transparency provisions that will ensure the residents of our City are aware of the projects proposed for funding in our community and which projects have been completed each fiscal year; and

WHEREAS, the City must adopt by resolution a list of projects proposed to receive fiscal year funding from the Road Maintenance and Rehabilitation Account (RMRA), created by SB 1, which must include a description and the location of each proposed project, a proposed schedule for the project's completion, and the estimated useful life of the improvement; and

WHEREAS, the City, will receive an estimated \$5,787,1264 in RMRA funding in Fiscal Year 2024-25 from SB 1; and

WHEREAS, this is the 8th year in which the City is receiving SB 1 funding and will enable the City to continue essential road maintenance and rehabilitation projects, safety improvements, and increasing access and mobility options for the traveling public that would not have otherwise been possible without SB 1; and

WHEREAS, the City has undergone a robust public process to ensure public input into our community's transportation priorities/the project list; and

WHEREAS, the City used a Pavement Management System to develop the SB 1 project list to ensure revenues are being used on the most high-priority and cost-effective projects that also meet the community's priorities for transportation investment; and

WHEREAS, the funding from SB 1 will help the City maintain and rehabilitate 14 streets and roads, add active transportation infrastructure throughout the City this year and 21 of similar projects into the future; and

WHEREAS, the 2023 California Statewide Local Streets and Roads Needs Assessment found that the City's streets and roads are in an "at-risk" condition and this revenue will help us

Resolution 2024-146

increase the overall quality of our road system and over the next decade will bring our streets and roads into a better condition; and

WHEREAS, the SB 1 project list and overall investment in our local streets and roads infrastructure with a focus on basic maintenance and safety, investing in complete streets infrastructure, and using cutting-edge technology, materials and practices, will have significant positive co-benefits statewide.

BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF SAN BERNARDINO AS FOLLOWS:

SECTION 1. The foregoing recitals are true and correct.

SECTION 2. The following list of newly proposed projects will be funded in-part or solely with Fiscal Year 2024-25 Road Maintenance and Rehabilitation Account revenues:

Project Title: Street Rehabilitation Phase I - 14 locations (Project No: 13630)

Project Description: Asphalt coldmill and overlay, and striping improvements.

Project Location: Mayfield Ave, Western Ave, Gilbert St, 14th St, Hardt St, Drake Dr, Orange St, Electric Ave, Varsity Ave, College Ave, Roosevelt Ave, Washington Ave, 34th St, Mountain View Ave.

Estimated Project Schedule: Start (12/2024)- Completion (6/2025)

Estimated Project Useful Life: 12-15 years

SECTION 3. The following previously proposed and adopted projects may also utilize Fiscal Year 2024-25 Road Maintenance and Rehabilitation Account revenues in their delivery. With the relisting of these projects in the adopted fiscal year resolution, the City is reaffirming to the public and the State our intent to fund these projects with Road Maintenance and Rehabilitation Account revenues:

No previous projects will utilize FY2024/25 Road Maintenance and Rehabilitation Funding.

SECTION 4. As the decision-making body for the project, the City Council has reviewed and considered the information contained in the administrative record for the proposed project. Based upon the facts and information contained in the administrative record, including all written and oral evidence presented to the City Council, the City Council finds, as follows:

(1) The administrative record has been completed in compliance with CEQA, the State CEQA Guidelines, and the City's Local CEQA Guidelines;

(2) The proposed project is exempt from the requirements of the California Environmental Quality Act pursuant to Section 15301 (Class 1 -Existing Facilities) of the CEQA Guidelines because it involves street rehabilitation. Additionally, the City Council finds this Resolution is not subject to the California Environmental Quality Act (CEQA) in that the activity is covered by the general rule that CEQA applies only to projects which have the potential for causing a significant effect on the environment. Where it can be seen with certainty, as in this case,

Resolution 2024-146

July 3, 2024

Page 2 of 4

that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA.

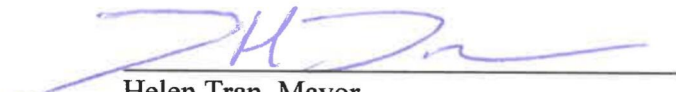

(3) The application of the Class 1 categorical exemption is not barred by one of the exceptions set forth in the CEQA Guidelines Section 15300.2 because Pavement Rehabilitation Resolution No. 2024-XXX does not present any unusual circumstances; would not damage scenic resources, including any resources in the area of a Scenic Highway; would not be utilized on a hazardous waste site; and would not impact historic resources of any kind; and

(4) The determination of CEQA exemption reflects the independent judgment of the City Council.

SECTION 5. Severability. If any provision of this Resolution or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications, and to this end the provisions of this Resolution are declared to be severable.

SECTION 6. Effective Date. This Resolution shall become effective immediately.

APPROVED and ADOPTED by the City Council and signed by the Mayor and attested by the City Clerk this 3rd day of July 2024.
