

**A PROCLAMATION OF
THE MAYOR AND CITY COUNCIL
PROCLAIMING APRIL 2025, AS
WATER CONSERVATION MONTH
IN THE CITY OF SAN BERNARDINO**

WHEREAS, water is an essential need for all life and a critical resource for the health, safety and welfare of the residents of the City of San Bernardino; and

WHEREAS, a resilient supply of water is vital to the growth of commerce and the quality of life for all who work and live in San Bernardino; and

WHEREAS, the City of San Bernardino is committed to supporting water conservation initiatives and partnerships that enhance public awareness and community engagement; and

WHEREAS, the City of San Bernardino has entered the National Mayor's Challenge for Water Conservation, recognizing the importance of managing our water resources wisely to ensure a sustainable future for our community; and

WHEREAS, the month of April marks the beginning of the high water-use season, making it an ideal time to promote awareness and encourage residents, businesses and institutions to adopt water-efficient practices; and

WHEREAS, simple actions such as fixing leaks, using water-efficient appliances, landscaping with native plants, and being mindful of outdoor water use can make a significant difference in overall water conservation efforts; and

WHEREAS, the City of San Bernardino encourages water conservation, through various educational programs and incentives to help residents and businesses save water.

NOW, THEREFORE, BE IT RESOLVED THAT, the Mayor and the City Council of San Bernardino, do hereby proclaim the month of April 2025 as "Water Conservation Month" in the City of San Bernardino and urge all residents, businesses, and community organizations to take part in preserving our water supply through mindful conservation efforts.

WE URGE THE COMMUNITY TO:

Join the National Mayor's Challenge for Water Conservation by making a pledge at www.mywaterpledge.com throughout the month of April.

Take steps year-round to use water wisely by adopting efficient practices including fixing leaks, adopting climate appropriate landscapes, and irrigating efficiently.

Spread awareness about the importance of water efficiency and encourage participation in the National Mayor's Challenge for Water Conservation.

Presented on the 16th Day of April 2025
