NOW THEREFORE, for and in consideration of the approval of the map and of the acceptance of the dedications, or some thereof, therein offered and in order to insure satisfactory

performance by Subdivider of Subdivider's obligations under said Subdivision Map Act and said Ordinance, the Parties agree as follows:

1. Performance of Work. Subdivider will do and perform, or cause to be done and performed, at Subdivider's own expense, in a good and workmanlike manner, and consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. Subdivider will furnish all required materials, all to the satisfaction of the City Engineer of City, the work and improvements within (and/or without) the subdivision to complete the improvements in accordance with the Plans and Specifications on file as hereinbefore specified, or with any changes required or ordered by said Engineer which, in his opinion, are necessary or required to complete the work.

2. Work: Places and Grades to be Fixed by Engineer. All of said work is to be done at the places, of the materials, in the manner, and at the grades, all as shown upon the Plans and Specifications therefor, heretofore approved by City Engineer and which are now on file in his office, and to the satisfaction of said City Engineer.

3. Work: Time for Commencement and Performance. City hereby fixes the time for the completion of said work to be within 24 months from the date hereof.

4. Time of Essence - Extension. Time is of the essence for this Agreement; provided that, in the event good cause is shown therefor, the City Engineer, in his or her sole and absolute discretion, may extend the time for completion of the improvements hereunder. Any such extension may be granted without notice to the Subdivider's surety, and extensions so granted shall not relieve the surety's liability on the bond to secure the faithful performance of this Agreement. The City Engineer shall be the sole and final judge as to whether or not good cause has been shown to entitle Subdivider to an extension.

5. Repairs and Replacements. Subdivider shall replace, or have replaced, or repair, or have repaired, as the case may be, all pipes and monuments shown on the map which have been destroyed or damaged, and Subdivider shall replace, or have replaced, repair, or have repaired, as the case may be, or pay to the owner the entire cost of replacement or repairs, of any and all property damaged or destroyed by reason of any work done hereunder, whether such property be owned by the United States, or any agency thereof, or the State of California, or any agency or political subdivision thereof, or by the City, or by any public or private corporation, or by any person whomsoever, or by any combination of such owners. Any such repair or replacement shall be to the satisfaction, and subject to the approval, of the City Engineer.

a. Default; Notice of Violation; Stop Work Order. If City determines that there is a violation of applicable federal, state or local law, ordinances, regulations or other requirements, or the terms and conditions of this Subdivision Agreement, the City and/or City Engineer may issue a Notice of Violation and Demand for Compliance and/or a Stop Work Order. The City may declare the Subdivider to be in default or violation of this Subdivision Agreement and make written demand upon Subdivider or its surety, or both, to immediately remedy the default or violation. Subdivider shall comply with the Notice of Violation and/or

Stop Work Order and shall substantially commence the work required to remedy the default or violation with the time specified in the Notice of Violation. If the default or violation constitutes an immediate threat to the public health, safety, or welfare, City and/or City Engineer may provide the Notice of Violation verbally, and Developer shall substantially commence the required work within twenty-four (24) hours thereof.

b. Failure to Remedy Violation; City Action. If the work required to remedy the notices of default or violation is not diligently prosecuted to a completion acceptable to City within the time frame contained in the Notice of Violation, City may complete all remaining work, arrange for the completion of all remaining work, and/or conduct such remedial activity at its sole and absolute discretion it believes is required to remedy the default or violation. All such work or remedial activity shall be at the sole and absolute cost, expense and liability of Subdivider or surety.

6. Utility Deposits - Statement. Subdivider shall file with the City Clerk, prior to the commencement of any work to be performed within the area delineated on the map, a written statement signed by Subdivider, and each public utility corporation involved, to the effect that Subdivider has made all deposits legally required by such public utility corporation for the connection of any and all public utilities to be supplied by such public utility corporation within the Subdivision.

7. Permits: Compliance with Law. Subdivider shall, at Subdivider's expense, obtain all necessary permits and licenses for the construction of such improvements, give all necessary notices and pay all fees and taxes required by law. Subdivider shall comply with all provisions of the Subdivision Map Act and Title 19 San Bernardino Municipal Code.

8. Superintendence by Subdivider. Subdivider shall give personal superintendence to the work on said improvement, or have a competent foreman or superintendent, satisfactory to the City Engineer on the work at all times during progress, with authority to act for Subdivider.

9. Inspection by City. Subdivider shall at all times maintain proper facilities and provide safe access for inspection by City to all parts of the work and to the shops wherein the work is in preparation.

10. Contract Security. Concurrently with the execution hereof, Subdivider shall furnish to City improvement security as follows:

a. An amount equal to at least one hundred percent (100%) of the total estimated cost of the improvement and acts to be performed as security for the faithful performance of this Agreement;

b. An amount equal to at least fifty percent (50%) of the total estimated cost of the improvements and acts to be performed as security for the payment of all persons performing labor and furnishing materials in connection with this Agreement; and,

c. An amount equal to at least twenty-five percent (25%) of the total estimated cost of the improvements and acts to be performed as security for the guarantee and warranty of the work for a period of one (1) year following the completion and acceptance thereof against any defective work or labor done, or defective materials furnished. As a part of the obligation guaranteed by the security and in addition to the face amount of the security, there shall be included costs and reasonable expenses and fees, including reasonable attorney's fees, incurred by City in successfully enforcing the obligation secured. The type of security furnished shall be in the form of bonds, deposits or letters of credit as provided in Title 19 San Bernardino Municipal Code, and the type shall be at the option of and subject to the approval of the City Engineer and the City Attorney.

11. Subdivider's Insurance. Subdivider shall not commence work under this Agreement until Subdivider shall have obtained all insurance required under this paragraph, and such insurance shall have been approved by City Attorney as to form, amount and carrier, nor shall Subdivider allow any contractor or subcontractor to commence work on his contract or subcontract until all similar insurance required of the contractor or subcontractor shall have been so obtained and approved. All requirements herein provided shall appear either in the body of the insurance policies or as endorsements and shall specifically bind the insurance carrier.

a. Worker's Compensation Insurance/Employer's Liability Insurance. Subdivider shall maintain, during the life of this Agreement, Worker's Compensation Insurance and Employer's Liability Insurance for all Subdivider's employees employed at the site of improvement, and, in case any work is sublet, Subdivider shall require any contractor or subcontractor similarly to provide Worker's Compensation Insurance and Employer's Liability Insurance for all contractor's or subcontractor's employees, unless such employees are covered by the protection afforded by Subdivider. In case any class of employees engaged in work under this Agreement at the site of the project is not protected under any Worker's Compensation Law, Subdivider shall provide, and shall cause each contractor and subcontractor to provide, adequate insurance for the protection of employees not otherwise protected. Subdivider shall indemnify City for any damage resulting to it from failure of either Subdivider or any contractor or subcontractor to take out or maintain such insurance.

b. Public Liability and Property Damage Insurance. Subdivider shall take out and maintain, during the life of this Agreement, such public liability and property damage insurance as shall insure City, its elective and appointive boards, commissions, officers, agents and employees, Subdivider and any contractor or subcontractor performing work covered by this Agreement from claims for damages for personal injury, (as defined hereunder), including death, as well as from claims for property damage or product liability which may arise from Subdivider's or any contractor's or subcontractor's operations hereunder, whether such operations be by Subdivider or any contractor or subcontractor, or by anyone, including, without limitation, agents, employees or independent contractors, directly or indirectly employed by

either Subdivider or any contractor or subcontractor, and the amounts of such insurance shall be as follows:

(1) Public Liability Insurance. In an amount not less than One Million Dollars (\$1,000,000.00) for injuries, including, but not limited to, death, to any one person, and, subject to the same limit for each person, in an amount not less than One Million Dollars (\$1,000,000.00) on account of any one occurrence; Product Liability Insurance coverage should be part of the Public Liability Insurance;

(2) Property Damage Insurance. In an amount not less than One Million Dollars (\$1,000,000.00) for damage to the property of each person on account of any one occurrence.

In the event that any of the aforesaid insurance policies provided for in this Paragraph 11 insures any entity, person, board or commission other than those mentioned in this paragraph, such policy shall contain a standard form of cross-liability endorsement, insuring on such policy City, its elective and appointive boards, commissions, officers, agents and employees, Subdivider and any contractor or subcontractor performing work covered by this Agreement.

(3) Tail Coverage. Insurance coverage, albeit for public liability or property damage, shall be written, if possible, on an "occurrence" form rather than a "claims made" policy. If the insurance policy is written on a "claims made" policy, then additional coverage, entitled "tail coverage" must be purchased to cover a period of one (1) year from completion of the project. All subcontractors must and shall comply with the same insurance provisions as the contractor(s) and subdivider(s).

(4) Personal Injury - Defined. As used herein, the term "personal injury" shall be defined as a hurt or damage to one's person including, without limitation, damage to health, cuts, bruises, broken limbs and/or bones, or the like, disabilities or impairments, including aggravation of existing injuries, or invasion of personal rights, including libel, slander, criminal conversation, malicious prosecution, false imprisonment or mental suffering.

12. Evidence of Insurance. Subdivider and contractor shall furnish City, concurrently with the execution hereof, with satisfactory evidence of the insurance required, and evidence that City is named and endorsed on the policy as an additional insured. Subdivider and contractor shall also provide City with evidence that each carrier will be required to give City at least ten (10) days prior written notice of the cancellation or reduction in coverage of any policy during the effective period of this Agreement. Subdivider and its contractors shall furnish the City with original certificates of insurance affecting coverage required by this Agreement. The certificates for each insurance policy shall be signed by a person authorized by that insurer to bind coverage on its behalf, and shall be on forms provided or approved by the City. All certificates and endorsements must be received and approved by the City before work pursuant to this Agreement can begin. The City reserves the right to require complete, certified copies of all required insurance policies, at any time.

13. Hold Harmless/Indemnification. Subdivider(s)/Developer(s) hereby agree to and shall protect, defend, indemnify and hold the City and its elective and appointive boards, commissions, officers, agents, employees and servants free and harmless from any and all liability losses, damages, claims, liens, demands and cause of action of every kind and character including, but not limited to, the amounts of judgments, penalties, interests, court costs, attorney's/legal fees, and all other expenses incurred by the City arising in favor on any party, including claims, liens, debts, demands for lost wages or compensation, personal injuries, including employees of the City, death or damages to property (including property of the City) and without limitation by enumeration, all other claims or demands of every character occurring or in any way incident to, in connection with or arising directly or indirectly, (including from the negligent performance by its officers, employees, agents) from the terms of this Agreement, whether such operations/incidents are caused by contractor, Subdivider or any of contractor/Subdivider's subcontractors, contractors or by any one or more persons directly or indirectly employed by or acting as agent for contractor, Subdivider, or any one of contractor or Subdivider's contractors or subcontractors. Subdivider/Developer shall investigate, handle, respond to, provide defense for and defend any such claims, demand, or suit at the sole expense of the Subdivider/Developer even if the claim or claims alleged are groundless, false or fraudulent. Subdivider agrees to, and shall, defend City, its appointive boards, commissions, officers, agents and employees from any suits or actions at law or in equity for damages caused, or alleged to have been caused, by reason of any of the aforesaid operations, provided as follows:

a. That City does not, and shall not, waive any rights against Subdivider which it may have by reason of the aforesaid hold harmless agreement, because of the acceptance by City, or by deposit with City by Subdivider, or any of the insurance policies described in Paragraph 11 hereof (b) That the aforesaid hold harmless agreement by Subdivider shall apply to all damages and claims for damages of every kind suffered, or alleged to have been suffered, by reason of any of the aforesaid operations referred to in this paragraph, regardless of whether or not City has prepared, supplied or approved of Plans and/or Specifications for the subdivision, or regardless of whether or not such insurance policies shall have been determined to be applicable to any of such damages or claims for damages.

This provision is not intended to create any cause of action in favor of any third party against Subdivider/Developer or the City or to enlarge in any way the Subdivider's/Developer's liability but is intended solely to provide for indemnification of the City from liability for damage or injuries to third persons or property arising from Subdivider/Developer's performance hereunder.

14. Title to Improvements. Title to, and ownership of, all improvements constructed hereunder by Subdivider shall vest absolutely in City, upon completion and acceptance of such improvements by City.

15. Repair or Reconstruction of Defective Work. If, within a period of one year after final acceptance of the work performed under this Agreement, any structure or part of any structure furnished and/or installed or constructed, or caused to be installed or constructed by Subdivider, or any of the work done under this Agreement, fails to fulfill any of the requirements of this Agreement or the Specifications referred to herein, Subdivider shall, without delay and

without any cost to City, repair or replace or reconstruct any defective or otherwise unsatisfactory part or parts of the work or structure. Should Subdivider fail to act promptly or in accordance with this requirement, or should the exigencies of the situation as determined by the City in the exercise of its sole discretion require repair, replacement or reconstruction before the Subdivider can be notified, City may, at its option, make the necessary repairs or replacements or perform the necessary work, and Subdivider shall pay to the City the actual cost of such repairs plus fifteen percent (15%).

16. Subdivider Not Agent of City. Neither Subdivider nor any of Subdivider's agents or contractors are, or shall be, considered to be agents of City in connection with the performance of Subdivider's obligations under this Agreement.

17. Cost of Engineering and Inspection. Subdivider shall pay to City the costs of all permit fees for all engineering inspections and other services connected with the City in regard to the subdivision. Said fees shall be paid prior to commencing any construction.

18. Breach of Agreement: Performance by Surety or City. In the event of any such notice, Subdivider's surety shall have the duty to take over and complete the work and the improvement herein specified; provided, however, that if the surety, within five days after the serving upon of such notice of breach, does not give City written notice of its intention to take over the performance of the contract, and does not commence performance thereof within five days after notice to City of such election, City may take over the work and prosecute the same to completion, by contract or by any other method City may deem advisable, for the account and at the expense of Subdivider, and Subdivider's surety shall be liable to City for any excess cost or damages occasioned City thereby; and, in such event, City, without liability for so doing, may take possession of, and utilize in completing the work, such materials, appliances, plant and other property belonging to Subdivider as may be on the site of the work and necessary therefor.
